

# Amusement & Grey Market Gaming Security Solutions

**Protecting Cash. Securing Machines. Controlling Access.**

Amusement and grey market gaming environments rely on distributed, revenue-generating machines that are frequently serviced, relocated, and accessed by multiple technicians. The RA-Lock Group delivers high-security locking, key control, and access management solutions engineered to protect cash boxes, logic compartments, bill acceptors, and internal electronics while enforcing strict access accountability across route operations, service providers, and multi-location deployments.

## INDUSTRIES

- Amusement & Arcade Operators
- Grey Market & Skill-Based Gaming Operators
- Route Operators & Service Providers
- Bars, Restaurants & Convenience Locations
- Entertainment Centers & Travel Plazas

# WHY AMUSEMENT OPERATORS TRUST THE RA-LOCK GROUP

- Anti-tamper and forced-entry-resistant designs
- Restricted and patented key control to prevent unauthorized duplication
- Centralized access accountability across route technicians
- Scalable solutions for multi-site and multi-state operations
- Supports audits, compliance, and revenue protection

## RA-LOCK SERVICES

- Master Key System Management
- Site Survey & Documentation
- Hardware Installation & Maintenance

## CORE SOLUTIONS FOR AMUSEMENT & GAMING OPERATIONS

### High-Security Machine & Cash Compartment Locks

- Engineered locking systems for cabinet doors, cash boxes, bill validators, logic boards, and service panels with resistance to drilling, picking, and forced entry.

### Restricted & Patented Key Control

- Prevents unauthorized key duplication and maintains accountability across route drivers, technicians, and warehouse staff.

### Offline & Electronic Access Control

- Mechanical and electronic solutions that log access activity and support audit trails for route-based service operations.

### Key Management & Smart Cabinets

- Centralized key issuance, tracking, and control for route depots, service hubs, and distribution centers.

### OEM Lock Programs & Custom Integration

- Custom lock design, master key systems, documentation, and long-term program support for amusement and gaming machine manufacturers.
