

# APARTMENT & MULTI-TENANT SECURITY SOLUTIONS

**Controlling Access. Protecting Residents. Scaling Secure Communities.**

Apartment buildings and multi-tenant properties manage constant resident turnover, shared amenities, vendor access, package delivery, parking structures, and life-safety infrastructure across single buildings or multi-property portfolios. The RA-LOCK Group delivers high-security mechanical and electronic access control systems designed to protect common areas, residential units, amenities, back-of-house spaces, and perimeter infrastructure while simplifying key control, reducing rekey costs, and improving resident and vendor accountability.
