# CONTRACT MANUFACTURING SECURITY SOLUTIONS

**Protecting Intellectual Property. Controlling Access. Supporting Compliance.**

Contract manufacturing facilities operate in complex, multi-customer environments where intellectual property, tooling, materials, and production processes must remain strictly segregated. With rotating workforces, third-party audits, customer compliance requirements, and 24/7 operations, access control must be precise, auditable, and scalable. The RA-Lock Group delivers industrial-grade mechanical and electronic access control solutions engineered to secure contract manufacturing operations while supporting customer trust, regulatory compliance, and operational efficiency.

## INDUSTRIES

- Contract & Custom Manufacturers
- Electronics & PCB Manufacturing
- Aerospace & Defense Manufacturing
- Medical Device Manufacturing
- Automotive & Industrial Components
- Precision Machining & Fabrication

THE  
**RA-LOCK**  
GROUP

# WHY CONTRACT MANUFACTURERS TRUST THE RA-LOCK GROUP

- Designed for multi-customer and IP-sensitive environments
- Supports customer audits, certifications, and compliance requirements
- Prevents cross-customer access and intellectual property risk
- Improves accountability across shifts and departments
- Scales across single plants or global manufacturing networks

**RA-LOCK**  
SERVICES

- Master Key System Management
- Site Survey & Documentation
- Hardware Installation & Maintenance

## CORE SOLUTIONS FOR CONTRACT MANUFACTURERS

### ELECTRONIC ACCESS CONTROL

- Medeco XT electronic cylinders – audit trails, time windows, customer segregation
