

FLEET & MOBILE ASSET SECURITY SOLUTIONS

Protecting Vehicles. Controlling Access. Keeping Operations Moving.

Fleet operations manage high-value vehicles, mobile equipment, tools, fuel, and sensitive materials across wide geographic areas with rotating drivers, technicians, and contractors. From service trucks and delivery vehicles to utility fleets and mobile maintenance units, controlling access is critical to preventing theft, misuse, and downtime. The RA-LOCK Group delivers industrial-grade mechanical and electronic access control solutions engineered to secure fleet vehicles, equipment, yards, and mobile assets while providing accountability, auditability, and operational continuity.
